RENEWED PETITION UNDER 37 C.F.R. § 1.78(a)(6)

Applicants respectfully request that the Patent Office accept the following unintentionally-delayed priority claim:

This application claims the benefit of U.S. Provisional Application No. 60/245,101, filed November 1, 2000.

The entire delay between the date the above priority claim was due pursuant to 37 C.F.R. § 1.78(a)(5)(ii) and the above date was unintentional. In particular, a previous version of the above priority claim was included in the original declaration as filed. Thus, the priority claim was not recognized. A substitute amendment adding the above priority claim to the specification as the first sentence after the title is included with this petition.

Applicants renew and refer to the petition under 37 C.F.R. § 1.78(a)(6) submitted on October 5, 2010. That petition was dismissed because it improperly incorporated by reference the prior-filed application. The Decision on that petition stated that before the petition can be granted, a renewed petition under 37 C.F.R. § 1.78(a)(6) and a substitute

amendment deleting the incorporation by reference statement, are required. This is the renewed petition. It is accompanied by a substitute amendment in which the incorporation by reference statement is deleted.

The \$1,410 fee required by 37 C.F.R. § 1.78(a)(6)(ii) was charged to the petitioner's Deposit account 11-1540 when the Decision on the initial petition was entered. Applicants believe that no further fee is now due, as this is a renewal of the initial petition. In the event that additional fees are due, the Commissioner of Patents is authorized to charge any additional required fees associated with this petition and amendment to Deposit Account 11-1540. If there are any questions regarding this matter, please telephone the undersigned.

Respectfully submitted,
